

## **WWC Event Review Lake Katherine from Member Kari**

**On Saturday, July 10, 2021, seven WWC members (plus one very cute canine friend) met at 10:00am at the Lake Katherine Parking lot in RMNP to partake in some light hiking, kayaking, and picnic.**

**Roger, Cheryl, Toni (the cute little canine), Arron, Kari, and Liane set out to hike around Lake Katherine, while Di enjoyed some solo time in the picnic area and to kayak while the others were hiking.**

**Clarke joined the group later for lunch and kayaking. The mosquitos were ravenous on the trail, so the hikers were thankful for a good supply of bug repellent!**

**After the hikers returned to the picnic area, the group enjoyed some snacks before heading out onto the lake in their kayaks.**

**It was the first time kayaking for one member, which is pretty exciting! We were graced with the beautiful calls of the loons while we kayaked, which added to the beauty of this lake.**

**The water was mostly calm and it was a warm day, making for the perfect paddle. Two of the members even enjoyed a little cool down time in the water before everyone departed their own ways.**
