

WESTMAN WILDERNESS CLUB
BRANDON HILLS HIKE REPORT- JULY 7, 2018

The Time...

July 7 (Hottest Day of the Year in Manitoba)

The Place...

An 8.3 k mosquito-infested trail in the Brandon Hills

The People...

13 hale & hearty souls, comprised of WWC members Jo-Anne, James, Olwen, Bert, Judy, Norm, Jane, Rick & Sue along with friends of members Gillian, Martha, Georgiana & Jean-Paul. We ranged in age from 4 to a guy who's older than dirt (can never remember JUST how old Bert is!)

The Details...

We hiked under the expert direction of James Burr, who knows the hills like the back of his hand. Up and down and around and around we went until we reached "The Bench", where we rested and enjoyed the view. Martha & Georgiana were real troopers with little Georgiana hiking as far as she could, then Martha carrying her on her back when her daughter tired. Then the little monkey SKIPPED to the end showing us all up!

After our 2 ½ hour hike, we returned to Rick & Sue's for a delicious BBQ, and a wonderfully refreshing swim. Friends Pat & Mary-Jo were unable to join us for the hike, but made amends & many new friends when they showed up to join us for lunch with wine & sushi!

And The Conclusion...

Good exercise, good fun, good eats... a great time to be a member of the Westman Wilderness Club!
